The Glasgow Collection Winter Newsletter

Welcome to our Winter Newsletter. We wanted to let you know about two fabulous new properties we added to our collection earlier this year and our special deals for direct bookings in 2023.

The Nelson

The Nelson is a spacious 2-bedroom ground floor flat with private parking

The Nelson is located close to Glasgow Green in a quiet cul-de-sac. It's called a cottage flat which means that it has its own individual front door on the ground floor. It benefits from a private driveway and there is additional parking in the adjacent residents' car park.

Ideal for:

- Families - there's a small play park close by
- Two professionals wishing to share accommodation
- Those with mobility issues

“Bright flat which feels like home. In a nice quiet development close to city centre. Private parking space a bonus!”

The Kelvin

The Kelvin is a peaceful first floor main door one bedroom property with a river view and free parking

*“An oasis in the West
End of Glasgow”*

The Kelvin is in a quiet development in the West End of Glasgow and is located next to the River Kelvin walkway. We always find it really peaceful here and it has views over the river from the lounge. The flat is an upper cottage flat which means that it has its own entrance at ground level.

Ideal for:

- Single professionals or couples
- Those wishing to be close to the West End
- People needing a parking space (there are always lots of spaces available!)
